Installation instructions

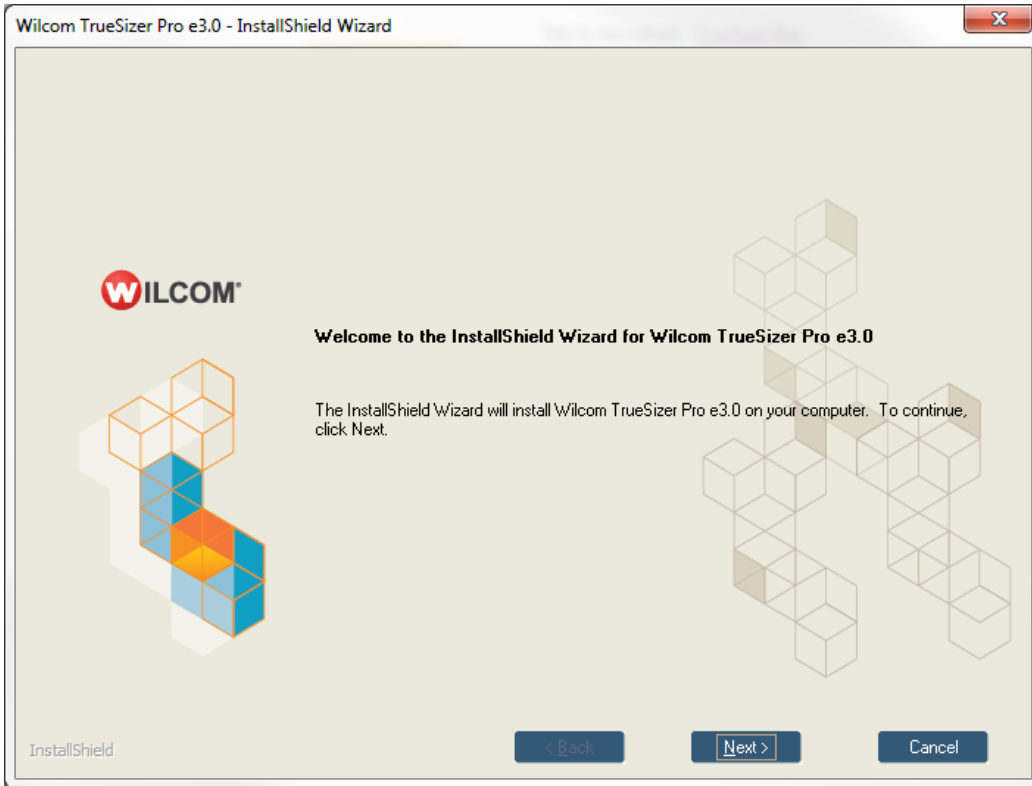

1. Once you have received the order confirmation email, click the download link provided in the email to go to the Truesizer Pro 'Download' page.
2. Click the **TrueSizer Pro** link to begin the download:

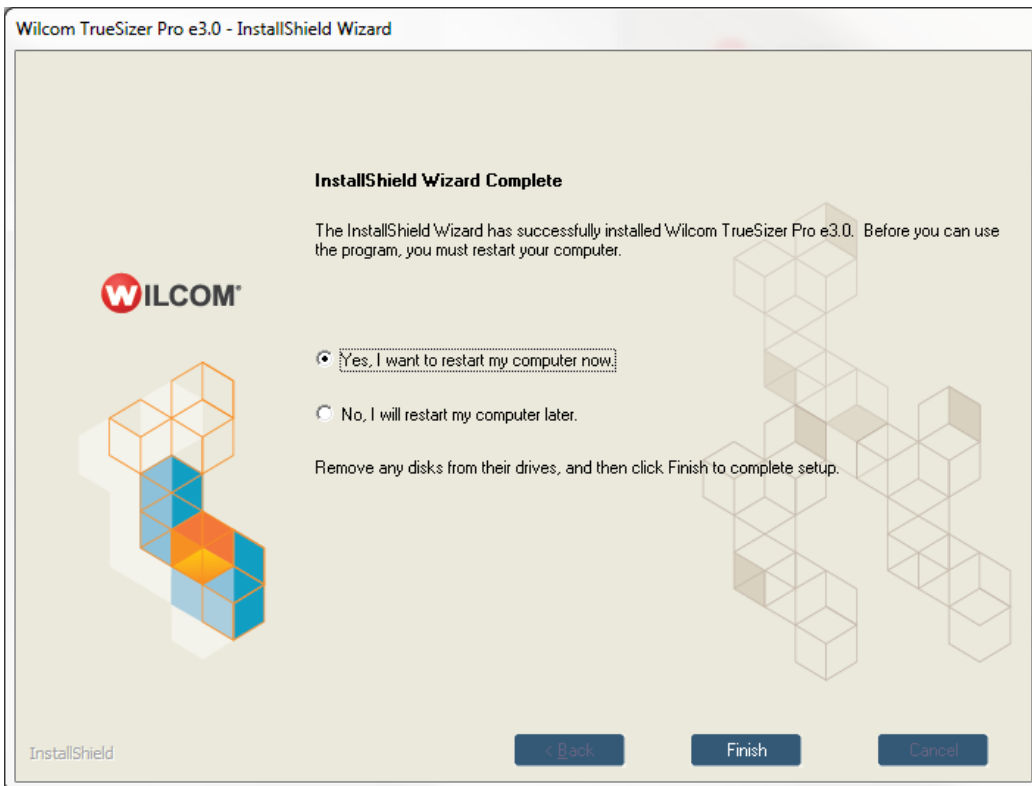

3. Save the 'TrueSizer_Pro_e3.0_Setup.exe' file to a location on your local hard drive.
4. Double-click the setup file to begin the installation setup.

5. Follow the onscreen prompts to begin software installation.

6. After installation is complete, the PC will require a reboot.

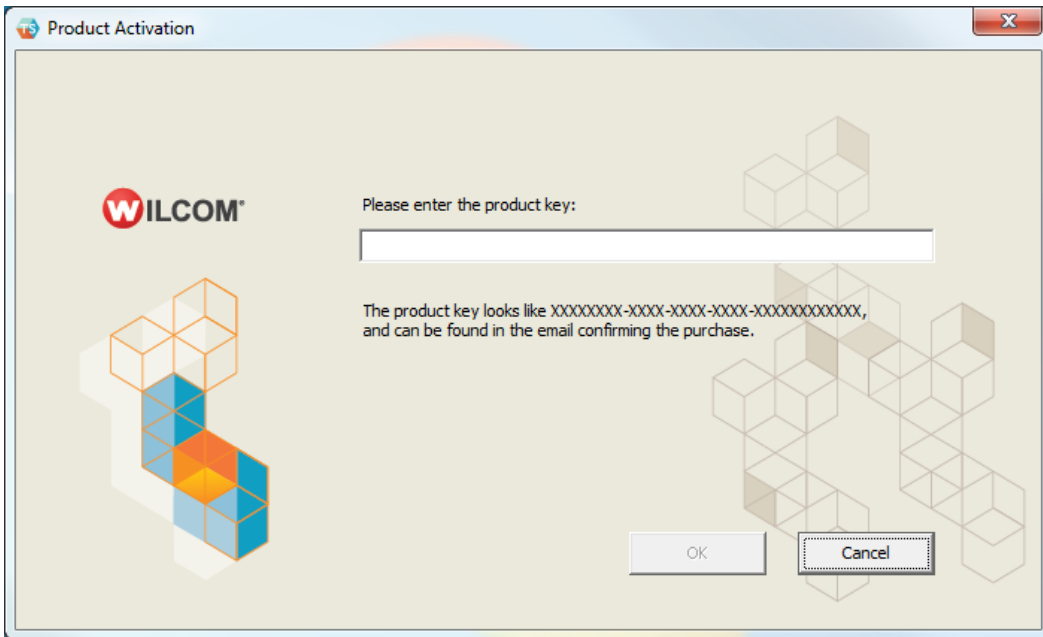

7. Double-click the TrueSizer Pro desktop icon to start the program.

8. Upon initial start-up, you are prompted to enter a product key. This is included in your order confirmation email. The installation program will automatically attempt to activate the product via internet.

NOTE: The order confirmation email may list the product key as “Activation Key” they are the same key and can be used for product activation.

Troubleshooting

- Check that the PC meets the system requirements.
- If installation errors occur, temporarily disable your antivirus and firewall programs before installing TrueSizer Pro. Remember to re-enable these programs after installation is complete.
- Make sure internet access is available in order to activate the product.
- Check details of any activation error messages. A list can be found on the Wilcom Support site: <http://www.wilcom.com/en-us/gethelp/support/truesizerprosupport.aspx>
